

Name _____

Period _____

Understanding the *outside* of the pattern envelope

1. What is the name of the pattern?
2. What is the number of the pattern?
3. How many different articles of clothing or views are included in the pattern? List them.
4. What sizes does the pattern include?
5. What are the suggested fabrics for making the clothes?
6. What notions are needed for your view?
7. Circle the picture on the front of the envelope that you want to make. On the back of the envelope, determine how much fabric you will need to make the garment. You will need your size (S, M, L, XL)
 - A. 45 inches wide _____yards
 - B. 60 inches wide _____yards

Understanding the contents *inside* the envelope

1. What's inside the envelope?
2. How many pattern pieces are there in the package? (Refer to the instruction sheet). List the pattern pieces.

3. What other information do you see on the instruction sheet?

4. To determine how to lay out your pattern on the fabric, complete the following steps:
 - A. What article of clothing or view are you going to make?

 - B. Circle the pattern layout that matches your
View --
size of pattern --
width of fabric --

5. Finding the correct pattern pieces.
 - A. Unfold the tissue patterns and find the pieces needed to make your pajama pants.

 - B. Cut out the pattern pieces that you need. You do not have to follow the lines exactly. Write your name on the patterns you are using.

 - C. If you want to keep the rest of the patterns, carefully fold them up and put them back in the pattern envelope.

 - D. Fold up the 2 patterns for your pajama pants and put them in your tote tray with your material. The patterns do not have to go back in the envelope.
